## 6. ReserveOne to go public via merger, create crypto reserve

**Source:** <https://cointelegraph.com/news/reserveone-go-public-merger-crypto-reserve>

**Published:** 2025-07-08T18:23:46.000Z

ReserveOne, a digital asset management company, is going public through a merger with M3-Brigade Acquisition V Corp., expected to generate over \$1 billion in gross proceeds. The funds will support ReserveOne's crypto reserve strategy, which involves accumulating Bitcoin, Ether, and Solana, among other digital assets. CEO Jaime Levertton, a veteran of Bitcoin mining companies Hut 8 and Riot Platforms, aims to promote responsible innovation and financial inclusion through the public listing. The merger is expected to close in Q4 2025, with ReserveOne trading under the tickers RONE and RONEW.

## 7. Ego Death Capital raises \$100M to finance Bitcoin-focused startups

**Source:** <https://cointelegraph.com/news/ego-death-capital-raises-100m-to-finance-bitcoin-focused-startups>

**Published:** 2025-07-08T15:49:47.000Z

Venture capital firm Ego Death Capital has raised \$100 million to invest in early-stage Bitcoin companies, focusing on Series A rounds for firms with \$1-3 million in annual revenue. The fund, led by founding partner Nico Leshuga, will only invest in Bitcoin-related startups, excluding hardware-focused companies and other cryptocurrencies. This investment comes amid growing institutional interest in Bitcoin, driven by the success of US spot Bitcoin ETFs and corporate Bitcoin treasuries. Ego Death Capital has already invested in several Bitcoin-focused startups, including Roxcom, Relai, and Breez.

## 9. Here's what happened in crypto today

**Source:** <https://cointelegraph.com/news/what-happened-in-crypto-today>

**Published:** 2025-07-08T14:30:49.000Z

Here is a summary of the article: Japanese firm Metaplanet plans to use its Bitcoin reserves to acquire cash-generating businesses, potentially including a digital bank in Japan, after accumulating 1% of all Bitcoin by 2027. Coinbase's lobbying arm, Stand With Crypto, has urged US lawmakers to pass the CLARITY Act, which would shift crypto regulatory jurisdiction to the Commodity Futures Trading Commission. Meanwhile, a US court has ended Coin Center's appeal against the Treasury Department over Tornado Cash sanctions, concluding the legal challenge.

## 10. Japanese company moves to align CEO with Bitcoin strategy, full salary goes to BTC

**Source:** <https://cointelegraph.com/news/japan-remixpoint-ceo-salary-bitcoin>

**Published:** 2025-07-08T18:02:37.000Z

Here is a summary of the article: Takashi Tashiro, the new CEO of Remixpoint, a Tokyo-based energy company, will receive his salary in Bitcoin as part of the company's "shareholder-oriented management" strategy. Remixpoint will calculate Tashiro's salary and taxes, purchase the equivalent amount in Bitcoin, and transfer it to a wallet designated by the CEO. This move is part of Remixpoint's shift towards a treasury management-focused company, with the company already holding over \$116 million in digital assets, including Bitcoin, Ethereum, and others.
